

2015 RMBS March 21st and 22nd Lecture and Workshops

We are very excited to welcome Christi Friesen, a well known polymer clay artist, instructor, and author on Saturday, March 21, 2015. Christi lives in Tehachapi, CA and teaches extensively worldwide.

Designing Dramatic Art Jewelry with Mixed Media

Lecture with Powerpoint presentation

by Christi Friesen

Christi Friesen is an award winning artist whose dramatic art jewelry pieces have been featured in books, magazines, museums and exhibits. She works in mixed media, primarily polymer clay embellished with beads, pearls, gemstones and found objects. In this special lecture she will talk about the creative process in design and creation of dramatic jewelry pieces, with the emphasis on the inspiration process, sketching out ideas, and creative assembling.

Christi's work has been showcased in multiple publications including nine of her own books and numerous magazines. What's more, she actively takes her creative message on the road, teaching internationally in several continents.

We have a fun and delightful set of Christi's workshops to help welcome Spring to Denver

Tea Tin Mosaic Container

This workshop is smashing good fun! Join award winning artist and international teacher, Christi Friesen, to create your own adorned metal canister using epoxy clay, tea cup shards, beads and other fun things.

You will learn to trim ceramic pieces to shape, use alcohol inks and powders. You will also explore using epoxy clay. It's all great fun, and you will create a functional container that looks terrific.

You are welcome to bring some of your own goodies to use on the Keepsake Box lid if you have a particular theme you would like to create. The Ceylon Pearl Tea House will provide tea bags to put into your finished keepsake box if you would like.

Steampunk Whale

Join Christi Friesen, international polymer clay artist, in this whale of a good time! Use polymer clay, combined with vintage findings, to create this swell Steampunk whale. Your creation can be used as a pendant, brooch, or a small piece of fantastic wall

art. Emphasis will be on polymer clay sculpting techniques, use of surface effects and tricks for creating Steampunk styling. Individual expression and creativity is also what this class is all about!

If you are attending the General Membership Meeting on Saturday morning, there will be time before Christi's class starts in the afternoon to have lunch at one of the nearby restaurants.
