## February Design Challenge

Please join us for the February Design Challenge—all members are encouraged and welcome to participate! Designs do not have to be original but if you use someone else's design, you must acknowledge the designer on your entry form. Entries are limited to one entry per category and a member can enter in all categories. All entries must have been made within the prior 12 months. Entries also don't have to be an item of jewelry—they can be an object, tapestry, whatever you would like, and using the medium of your choice: off-loom beadweaving (such as peyote, herringbone, right angle weave, etc.), looming, bead embroidery, stringing, metalsmithing, wire wrapping, polymer clay . . .

And the categories are (drum roll please):

### Category 1: The Blues

Your piece may only be made using shades of blue—whether one shade, ten shades, or more!

### Category 2: Woodlands

Let the colors of the woodlands inspire you.

### Category 3: Happy, Happy!!

Make something that makes you and others "happy"!

Prizes will be awarded in each category, depending on the number of entries in that category.

Get inspired and share your talent with our members!
