

July Sampler 2016

MEMBERS ONLY EVENT FREE BEAD SAMPLER

July 16th 9:00am- 12:00pm & 1:00pm- 4:00pm

July 17th 9:00am- 12:00pm & 1:00pm- 4:00pm

This is a free event for members only. Please register for up to TWO classes. This event is for educational purposes to further your beading skills and develop new techniques.

Now THREE classes!!

Saturday, July 16th Morning Classes

Braided Wire Crochet Bracelet

Instructor: Rita Martin

Level: Beginner.

Skills Needed: None.

Description: Lacy wire bracelet with beads.

Students Need to Bring: Beading mat, wire cutters, needle nose pliers(smooth on interior, magnifier and light if you need them.

Date: Saturday, July 16, 2016 9:00 AM - 12:00 PM

Spiral Herringbone Bracelet

Instructor: Sonja Colt

Level: All Levels

Skills Needed: Must be adept at using a needle and thread, and understand the bead weaving standard terms

Description: Not only will you learn (or re-learn) spiral herringbone, but also get instruction to make a HB tube. This class will make a bracelet, which you can embellish. Continue on making bangles or a lariat with the technique.

Students Need to Bring: Beading mat, scissors. If needed: task lamp and cord, glasses, thread wax.

Date: Saturday, July 16, 2016 9:00 AM - 11:00 AM

FULL - no more
registrations available

Do the Hubble

Instructor: Sandy Brock

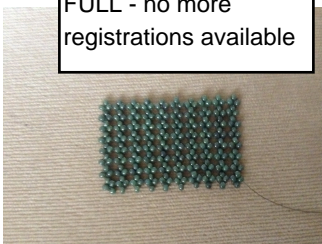

Level: Advanced Beginner

Description: Learn this new off-loom bead weaving stitch created by Melanie de Miguel. This class will be an opportunity to explore and learn the single Hubble stitch and double Hubble stitch. A technique class and not specifically a project.

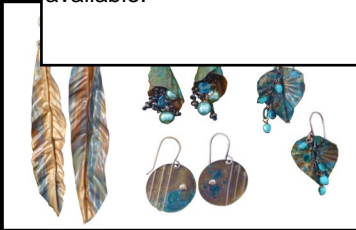

Skill Level: Prior off-loom weaving experience helpful - no specific stitch knowledge required.

Students Need to Bring: Beading thread (Fireline or Nano-fil, either 6 or 8 lb., One-G or KO - beader's preference) needles, bead mat or board, task light if needed, scissors - basic beading tools.

Date: Saturday, July 16, 2016 9:00 AM - 12:00 PM

FULL - no more registrations available.

Foldformed Earrings

Instructor: Elaine Teevens

Level: All Level

Skills Needed: None

Description: Create 4-6 pairs of earrings using 36 gauge patinated cooper and a variety of foldforming techniques.

Students Need to Bring: Chain nose pliers, flush cutters, round nose pliers, hammer, bench block (latter two will be available for student use).

Date: Saturday, July 16, 2016 9:00 AM - 12:00 PM

Basic Canes with Polymer Clay

Instructor: Bertha Adamson

Level: Beginner

Skills Needed: Basic knowledge of polymer clay is helpful but not required.

Description: Beautiful intricate polymer canes have one thing in common - they are made by combining simple canes into a more intricate pattern. This class will teach basic canes such as bullseye, stripes, jelly roll, etc. and you will be shown how these basic canes can be combined into something more complicated. Teaching the Skinner Blend is an essential part of the process. You will use your canes to make beads or as a final product.

Students Need to Bring: You are welcome to bring any of your own polymer clay tools, especially a pasta/clay machine, but it is not required.

Date: Saturday, July 16, 2016 9:00 AM - 12:00 PM

Sparkly Rhinestone Rolo and Cup Chain with Leather Cord Bracelet.

Instructor: Terry Patlovany

Level: Beginner

Skills Needed: N/A

Description: A sparkly rhinestone cup chain along with the silver Rolo chain and leather cord cuff bracelet which gives an appearance of a beautiful diamond tennis bracelet. The bracelet opens with a magnetic clasp and fits comfortably. You can stack them for a glamorous look or wear alone casually.

Students Need to Bring: Scissors and lamp with extension cord, optional.

Date: Saturday, July 16, 2016 9:00 AM - 11:00 AM

Easy Cubic Right Angle Weave (CRAW) Bracelet or Necklace

Instructor: Rachel Hungry

Level: Beginner

Skills Needed: Knowledge of Right Angle Weave is helpful but not required.

Description: Learn CRAW to make a supple rope necklace or bracelet. Students will have the option of adding a large Swarovski Faceted Rondelle as a focal, and will finish with a magnetic closure.

Students Need to Bring: Bead mat, task light and extension cord if needed.

Date: Saturday, July 16, 2016 9:00 AM - 12:00 PM

Saturday, July 16th Afternoon Classes

Freeform Foldformed Pendant

Instructor: Elaine Teevens

Level: Beginner

Skills Needed: Some experience with wirework helpful.

Description: Use basic foldforming and wireworking techniques to create 1-3 foldformed pendants using 36 gauge patinated copper wire, and beads

Students Need to Bring: Flush cutters, round nose pliers, chain nose pliers, bench block, hammer (latter 2 will also be available for student use.)

Date: Saturday, July 16, 2016 1:00 PM - 4:00 PM

Lunatic Fringe

Instructor: Jo Ann Patterson-Lavelly

Level: All levels

Skills Needed: Must be able to thread a needle and tie a knot.

Description: We will explore and create a wide variety of fringes that can be used to create jewelry and bead embroidery. You will end up with a Beading Buddy to sit on your work table.

Students Need to Bring: Beading mat, scissors, task light and extension cord.

Date: Saturday, July 16, 2016 1:00 PM - 4:00 PM

Full Persian Chainmaille

Instructor: Nancy Goff

Level: All levels

Skills Needed: Although this is not quite a beginning class it isn't much more difficult than the beginning Byzantine pattern.

Description: The full Persian CM pattern can be versatile as well as one of the easier patterns to do. The photo shows 3 different looks by changing the order of two colors but still using the same FP pattern. The rings we will be using are 1/4 in. ID, 18g anodized aluminum (saw cut) which I hope to order about 3 weeks before the Bead Sampler. If you want colors other than gold, black, and frost you should let me know what two colors you would like by then.

Students Need to Bring: Two pairs of pliers: flat nose pliers would be best but chain nose pliers would be OK, Magnifier (if needed), mat.

Date: Saturday, July 16, 2016 1:00 PM - 4:00 PM

Bezeling Cabachons with Peyote Stitch

Instructor: Rachel Hungary

Level: Beginner

Skills Needed:

Students need to be able to thread a needle.

Description: Students will learn to bezel a cabochon using backstitch and peyote stitches. As a bonus, we will discuss how to finish with UltraSuede and brickstitch edging. A bail can be added to create a pendant.

Students Need to Bring: Needle (size 10, 11 or 12) of choice, Fireline 6lb test or Toho 1G thread (or equivalent), scissors.

Date: Saturday, July 16, 2016 1:00 PM - 4:00 PM

Cuff bracelets with Polymer Clay

Instructor: Bertha Adamson

Level: Advanced Beginner

Skills Needed: Basic experience with polymer clay is helpful. If you are new to clay I can provide sources to read or watch before the class.

Description: Using polymer clay and metal cuff blanks the class will demonstrate how simple it is to turn a simple cuff bracelet into a work of art. I will teach a polymer clay technique called mica shift, which produces a fascinating optical effect. I will also provide other items, such as cane slices, mica powders, inks, etc. to use to decorate your clay.

Students Need to Bring: You are welcome to bring any of your own polymer clay tools, especially a pasta/clay machine, but it is not required.

Date: Saturday, July 16, 2016 1:00 PM - 4:00 PM

Sunday, July 17th Morning Classes

Even Count Flat Peyote Bracelet with Edging

Instructor: Beverly Reynolds

Level: Beginner

Skills Needed: Ability to seed beads, thread a needle.

Description: Beginning Even Count Flat Peyote Bracelet made with larger (size 8) seed beads and a pequot edging

Students Need to Bring: Task light if needed.

Date: Sunday, July 17, 2016 9:00 AM - 12:00 PM

Naughty Knotty Necklace

Instructor: Elaine Teevens

Level: Beginner

Skills Needed: Beginner

Description: Use basic knotting techniques to create a necklace using gemstones, wood, metal and leather

Students Need to Bring: Sharp scissors or flush cutter, beading mat, task light if needed.

Date: Sunday, July 17, 2016 9:00 AM - 12:00 PM

Polymer Clay Notions Case

Instructor: Rachel Hungary

Level: Beginner

Skills Needed: None

Description: Students will cover and decorate a hinged metal box with polymer clay.

Students Need to Bring: If students have tools for working with clay that's a plus. I will have some tools available.

Date: Sunday, July 17, 2016 9:00 AM - 12:00 PM

Eclectic Boho Bird and Cross Bracelet

Instructor: Diane Cudworth

Level: Beginner

Skills Needed: Must be able to use both hands.

Description: In class, I will teach the processes of selecting materials for the bracelet, sizing the bracelet, designing the bracelet. Students will learn how to work with elastique. We will also discuss the Do's and Don't of selecting bracelet materials. I will teach the assembly of the bracelet, using the materials provided. I will provide a list of materials used in the class, as well as information on each resource used to obtain the class materials.

Students Need to Bring: Scissors or cutting pliers. Optional: Beading mat, magnifier, task light.

Date: Sunday, July 17, 2016 9:00 AM - 10:00 AM

Eclectic Boho Earring Pair

Instructor: Diane Cudworth

Level: Beginner

Skills Needed: Must be able to use both hands.

Description: In this class, I will teach the processes of selecting materials for the earrings. Students will learn the basics of cutting and shaping wire, how to work with chain, and earring weight. We will also discuss the Do's and Don'ts of selecting earring materials. I will teach the assembly of the earring pair, using jump rings and the materials provided. I will provide a list of materials used in the class as well as information on each resource used to obtain the class materials.

Students Need to Bring: One pair round nose pliers, one pair flat nose pliers. Optional: Crimp pliers, flush cutters, beading mat, magnifier, light.

Date: Sunday, July 17, 2016 10:00 AM - 11:00 AM

Circular Square Stitch

Instructor: Kate Dowd

Level: Advanced Beginner

Skills Needed: Student can work with needle and thread and small beads

Description: Bracelet using flat circular square stitch in a variety of seed bead colors.

Students Need to Bring: Needles, bead mat, light, extension

Date: Sunday, July 17, 2016 9:00 AM - 12:00 PM

Basics of Bead Stringing

Instructor: Sheryl Reddish

Level: Beginner

Skills Needed: None

Description: In this class you will learn about choosing the right materials for a strung project. Choosing type and size of wire, crimps, crimp covers, wire guardians and how to use them. This is a perfect class for new beaders or those who still have questions about getting a professional look for their pieces. We will put what we learned to use by completing a simple strung bracelet.

Students Need to Bring: Task light and magnifier is needed. Wire cutters.

Date: Sunday, July 17, 2016 9:00 AM - 11:00 AM

Sunday, July 17th Afternoon Classes

Eclectic Boho Bracelet DUO -1. Burnt Orange, 2. Leather.

Instructor: Diane Cudworth

Level: Beginner

Skills Needed: Must be able use both hands.

Description: In this class, I will teach the processes of selecting materials for the bracelets, sizing the bracelets, designing each bracelet. Students will learn how to work with leather, elastique. And jump rings. We will also discuss the Do's and Don'ts of selecting bracelet materials. I will also teach the assembly of the bracelets, using the materials provided. I will provide a list of materials used in the class, as well as information on each resource used to obtain the class materials.

Students Need to Bring: Two pair flat nose pliers. Optional: flush cutters, beading mat, magnifier, light.

Date: Sunday, July 17, 2016 **1:00 PM - 3:00 PM**

Hazy Days Daisy Necklace by Kate Wolf for Glass Garden Beads

Instructor: Beverly Reynolds

Level: Beginner

Skills Needed: Ability to thread a needle and see and handle small seed beads on a needle and thread.

Description: The "Hazy Days Daisy" Necklace is a sweet light weight and easy kit project to make. It is a multi element kit. Spring is upon us, so what better time and style to put into a kit. All parts and directions are included.

Kit Contains:

Students Need to Bring: Task lighting and extension cord if needed.

Date: Sunday, July 17, 2016 1:00 PM - 4:00 PM

Bracelet with Bead Embroidered Medallion

Instructor: Janis Starkey

Level: All Levels

Skills Needed: N/A

Description: We will start by making our own cabochon with recycled photo images and a glass tile. We will dress it up with a few rounds of backstitched beads, do an edge stitch and fringe. The completed medallion will be attached to a metal cuff band and voila, the bracelet is complete. If time permits we will make a second medallion and demonstrate how the component can be easily transformed to a pendant.

Students Need to Bring: Task light, bead mat, scissors, your own thread if you object to Fireline.

Date: Sunday, July 17, 2016 1:00 PM - 4:00 PM

Leather Bracelet

Instructor: Sheryl Reddish

Level: All Levels

Skills Needed: N/A

Description: We will make a leather bracelet with glued on magnetic clasp and focal piece attached with rivets.

Kit Contains:

Students Need to Bring: Steel bench block, leather hole punch, ruler and hammer. I will bring extra to share in case they are needed.

Date: Sunday, July 17, 2016 1:00 PM - 3:00 PM

Sugar Skull Earrings

Instructor: Kate Dowd

Level: Beginner

Skills Needed: N/A

Description: Colored pencils on Shrink Plastic, with crystal dangles

Students Need to Bring: Small sharp scissors.

Date: Sunday, July 17, 2016 1:00 PM - 3:00 PM

Look What I Made with Copper Tubing

Instructor: Moe Stevens

Level: Beginner

Skills Needed: Good listening skills. Put your name on your tools.

Description: Students will learn about the properties of metals and a few simple techniques that can generate unique designs resulting in a finished copper bracelet/cuff.

Students Need to Bring: Tools: metal bench block with cushion, tube cutter if you have one, metal file, metal shears, flush cutter, round nose pliers, chain nose pliers, sanding block, nylon or rawhide mallet, chasing hammer, texturing hammers, a metal bracelet mandrel (borrow one if you don't have one). Some students may share.

Date: Sunday, July 17, 2016 1:00 PM - 4:00 PM
