

The Great Create Presents Lisa Pavelka Colorado Workshops

In these classes, you'll get the added value of not having any kit fees, a minimal amount of materials/tools to bring, and you'll receive bonus goodies and the chance to win valuable prizes in each session. All skill levels welcome!

We will be hosting a Meet&Greet and Book Signing on Friday, March 4, 2016 from 6:00pm to 8:00pm

Rockin' The Resin

Date: March 5, 2016

Time: 9:00am to 12:00noon

Workshop Fee: \$45.00

Learn tons of tricks and tips for working with Magic Glos resin for clay and as a stand-alone medium. You'll learn how to cover clay surfaces without a bezel edge as well as working with inclusions and open frame settings. This class will expand your creative horizons with Lisa's quick cure, magical resin.

Scrap-Tastic!

Date: March 5, 2016

Time: 1:30pm to 5:30pm

Workshop Fee: \$55.00

There are so many uses for scrap polymer clay, but many are more functional than decorative. This workshop will teach you how to create truly breath-taking, wearable art using scraps and even hand selected fragments of color! Lisa will guide you through creating patterned veneers. We'll take it to the next level, learning how to create domed inserts for bezel settings. Time permitting; we'll cover how to get a glass-like shine through hand polishing methods.

Patterns in Faux Dichroic Glass –

Date: March 6, 2016

Time: 9:00am to 12:00noon

Workshop Fee: \$45.00

Explore the amazing possibilities for creating a truly convincing version of costly dichroic glass with economical polymer clay. You'll discover how to create a variety of designs including mosaics, detailed patterns, and hand-formed effects in this informative class. You'll complete one or more finished pieces, which include an elegant bezel setting. Lastly, we'll cover how to achieve a glass-like finish in mere minutes.

Illusions in Clay

Date: March 6, 2016

Time: 1:30pm to 5:30pm

Workshop Fee: \$55.00

Create optical illusions with 3D texture with polymer clay! We'll create one or more finished pieces that showcase your design on a functional container or in a bezel setting. Time permitting; we'll discuss the use of polymer clay gradient effects with this technique.

All workshops will be held at:
